

include/io\_trimFilter.h

```
graph TD; A[include/io_trimFilter.h] --> B[stdio.h]; A --> C[defines.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'include/io\_trimFilter.h' has two blue arrows pointing downwards to two white boxes. The left arrow points to a box labeled 'stdio.h', and the right arrow points to a box labeled 'defines.h'. This indicates that 'include/io\_trimFilter.h' includes both 'stdio.h' and 'defines.h'.
